Everyone in Second Class has been having a super time and doing lots of great work for bio-diversity in school. Last week, 'Mouse' came to visit us again and we went on a bird watching tour of the school grounds and spotted lots of interesting wildlife that we had never noticed before. We must learn to keep our eyes and ears open!!

We saw a variety of birds and birds' nests. After our bird watching trip, we went back to class and built our own bird feeders – hopefully lots of new birds will start visiting our school soon! We also learned about different types of birds that might visit the school, and we'll be able to spot them if they visit!
