What we are Working On!!

This year we are all working very hard towards our FIFTH Green Flag.

Thanks to the hard work of our Green School Committee and Ms. Judge we have already started work on the theme of Bio-Diversity.

We are completing a review in each class to identify the initial situation within the school regarding Bio-Diversity.

Biodiversity is the huge variety and variation of life that surrounds us. Biodiversity is essential in keeping the environment healthy and fit for human life and animals. Biodiversity connects you, your school and your wider community with the natural environment.

We will then work on our Action Plan and aim to identify goals and a structured timetable to deal with issues identified in the review.

There's lots of work to do, as we hope to earn our fifth flag. We are also working on keeping our other flags of

- 1) Litter and Waste*
- 2) Energy*
- 3) Water*
- 4) Travel*

up to date!!
