

GETTING INTERVIEW READY

Are you looking to get back to work? This is a great course run by Mary Teehan. She looks at helping people prepare for an interview as well as updating your cv. It would be a 6 week course and could be offered to parents and teenagers in the area. I was thinking of running it on a Monday or Tuesday in the morning time. Let me know if you think this is something you would be interested in and we can try to get it up and running!
